Lead Mines near Pateley Bridge

To be sold by auction, at the George Inn, at Pateley Bridge, in the county of York, on Wednesday the eighth day of September, 1824, between the hours of four and five in the afternoon, subject to such conditions as shall then be produced.

Three Fifteenth Shares in the productive and valuable lead mines, in Nidderdale, near Pateley Bridge, called Merryfield, with a proportionate share of the machinery used in working the same.

The Mines are held on lease under John Yorke, Esq. for a term of which about 12 years are unexpired.

Pateley Bridge is situate about 12 miles from Ripon, from whence the lead may be conveniently conveyed by water to any part of the kingdom; - or, as a Rolling Mill has been established near the mines, the lead may be immediately disposed of on the spot without any expense of carriage - and as these mines are now yielding an abundant produce, the above shares will form an eligible purchase for any person wishing to lay out a few thousands to yield a large immediate return.

For further particulars, apply to Mr I. Howard, solicitor, Ripon.
